Confederation Caravan At Vulcan Tuesday, May 23

The Confederation Caravan which will visit 81 Alberta localities next year is scheduled to be in Vulcan on Tuesday, May 23. The itinerary of the Caravan was confirmed at a special seminar held in Edmonton on September 20, attended by 120 civic representatives from all parts of the province. Representing the Vulcan Chamber of Commerce were Mr. and Mrs. Allan McAskile. The big Caravan consists of eight tractor-trailers, each 73 feet long and weighing 20 tons. They are equipped to depict Canada's geography and history from prehistoric times up to the present day. School from grades 4 to 7 inclusive will be urged to visit the

Recreation Centre Meeting On Wed., Oct. 5th

W. Milne, Calgary architect, will be one of several speakers at a general public meeting of the Vulcan District Recreation Centre to be held at the Vulcan Lodge Hall on Wednesday, October 5, at 8:00 p.m., Mr. Milne will speak on planning, construction and costs. Other speakers will include H. Walters, of the provincial government recreation and cultural department, and representatives of recreation centres in the towns of Pincher Creek, Claresholm, Taber and Nanton, who will speak on construction financing, operational costs, administration and activities. Other business will include election of a new slate of officers, discussion of auxiliary fund-raising projects and a report of the inventory and condition of equipment on hand.

RIDE 'EM COWBOY. Vulcan Fire Chief Bob Johnson, above, is shown riding herd on a swath fire at the Haga brothers farm west of town Sept. 8. Little damage was done when fire, started from a stooker attachment on a baler, spread to some swaths and bales. Other farmers have suffered much more serious losses from fire caused by exhaust from trucks igniting straw left on thick stubble. A fire on Sept. 17, was the usual blaze in a field adjacent to the town dump.

Harvest End In Sight . . .

Another week of good weather would see harvesting pretty well completed in the County of Vulcan. Many farmers are finishing combining this week but some are still held up waiting for heavy swaths to ripen. Flax is now being swathed. Many 50 bushels to the acre yields are being reported, but it is expected that yields will average out to 35 to 40 bushels per acre of spring wheat. Barley and rye have also given above-average yields. Bulk of the spring wheat will grade No. 2 Northern, according to the Alberta Wheat Pool reports received at the Advocate office. The wheat is of good color and heavy weight.

One of the fund-raising projects coming up soon is a community auction sale. Donations already pledged include grain, machinery and furniture and anything of saleable value will be accepted for the sale, which will be conducted by Wally's Auction Service. Items donated can be listed with Mrs. Wally Franks, Mrs. Dave Mitchell, Mrs. Everett Hill, Mrs. Gordon Brown or Mrs. Pat Walker.

The sale will be held Saturday, Oct. 29. Large items should be left at the DonRon lot; small items at the Armouries.

SUMMER BEAUTY. A sample of the profusion of flowers still in bloom, is shown by Mrs. Harry Smith, above. Frost free nights have given an added bonus of color well into the fall season.

Services Held Tuesday For Mrs. P. Gatenby

Mrs. Cecile Clare Gatenby of Vulcan and formerly of Champion, wife of Percy Gatenby, died September 24, 1966, at the age of 71 years.

Born at Lorraine, Wisconsin, she came to Suffield, Alberta, in 1910 and in 1918 moved to Medicine Hat. In 1928 she moved to Winfield, Alta., and in 1948 to Champion. Mr. and Mrs. Gatenby retired to Champion in 1953 and had lived in Vulcan for the past two months.

Mrs. Gatenby was active in the Ladies Aid in Champion and was a Past Matron in the Eastern Star. Besides her husband, she is survived by two daughters, Mrs. Douglas (Margaret) Dow of Champion and Mrs. Alfred (Gloria) Rupp, also of Champion; two sons, William Cecil of Staveland and Kenneth Howard of Vulcan; 12 grandchildren; three brothers, Wesley Whitlock of Vauxhall, Roy Whitlock of Vancouver and Howard Whitlock of Vulcan.

Services were held at the Champion United Church on Tuesday, Sept. 27, with Rev. Bruce Fyke officiating. Pall bearers were Robert Whitlock, John Whitlock, Robert Long, Leonard Voisey, Walter Harris and Rex Caldwell.

Interment was in the Archmount cemetery, Lethbridge. The Vulcan Funeral Home was in charge of arrangements.

Golfers Plan After-harvest Tourney Day

Team golf, ladies' golf and mixed two-ball golf are to highlight the after-harvest get-together for members of the Vulcan Golf and Country Club on Sunday, Oct. 2, with proceedings to start at 12:30 p.m. sharp.

Team captains of the men's league— Nelson Jamison, H. Matlock, Charlie Fulton, Dave Mitchell, D. Watson, P. Thachik, F. Wythe and Larry Hagg are asked to notify and have as many of their team as possible available at 12:30 p.m. at the clubhouse for the initial nine-hole round.

At 1:00 p.m. the ladies will tee off for a nine-hole tourney and at 3:00 p.m. the men will play the second nine with the remainder of the team members seeing action.

Following at 3:30 p.m. a mixed two-ball horse race will leave the first tee, made up from the ladies present and the surplus league golfers. The men will be charged \$1.00 each for the day so that suitable prizes may be offered and the ladies will finish the day by serving a luncheon after the golf. All in all it should be an excellent outing to wind up the season (if the weather-man co-operates).

School Committee Meets

The School Committee meeting was held Sept. 12, however, and committee members heard a report from School Superintendent E. F. Bardock that he had visited all schools in the County and that all were well organized. He suggested that it might be necessary to give consideration to engaging lay people to supervise study periods. The secretary-treasurer reported to the meeting that a representative from Sharp's Theatre Supplies, Calgary, had visited Vulcan and inspected the auditorium and stage of County Central High School and would send a recommendation for an installation of microphones and speakers. The secretary was instructed to obtain a quotation from another company.

Instructions were given to obtain a bid for the sick room at the Champion School. Information was given that the county could obtain a bed from the Vulcan Hospital.

The secretary-treasurer read a letter from Mrs. Edna M. Schrag offering her house in Vulcan for sale at \$8,500.

Grade 9 Results Vary

All County Schools Well Organized, Reports Supt.

Information was given to the committee in respect to proposals for driver education to be handled in the schools. It was pointed out that before a grant or an automobile could be supplied, the teacher must be an accredited driver teacher. The committee took no action to implement the plan.

Mr. Bardock gave a report on the results of the Grade IX examinations. He noted that there had been some very good results and some below average also. He suggested that the poor results were obtained in schools where there was not enough teaching time being supplied to the Grade IX students.

It was moved and carried that Miss Kathleen Williams be engaged as librarian at County Central High School.

The members of the committee discussed the matter of the small building which the Industrial Arts teacher started last year with a view to selling tickets and making a profit to establish a scholarship to be known as the McKay Scholarship. It was noted that

there were no funds collected and it was pointed out that information should be given to the public that this was in no way connected with Mr. McKay's personal offer to donate the sum of \$100 to the student obtaining the highest marks in Grade IX in the County of Vulcan. It was decided that the matter of the house and the scholarship proposal be discussed when more information was obtained.

The matter of subscribing to the National Film Board was referred to the Principals' Association for recommendation. It was moved and carried that Mr. Husby, Principal of County Central High School, arrange for one of the janitors to clean the Industrial Arts room and that \$20 per month be allowed for this service.

Nursing Home Patients Enjoy Craft Work

The residents of Blunt's Nursing Home are now enjoying an hour of crafts every Thursday afternoon. They are at present busily engaged in making a quilt for the Centennial Quilting Bee. Quilts are desperately needed in Korea, both for use in hospitals and for needy families in the slums to Seoul. The staff and residents of Blunt's Nursing Home are happy to be a part of this worthwhile project of the Unitarian Service Committee to Canada.

Mrs. Minty, matron of the Blunt's Nursing Home recently attended a committee meeting of the Southern District Nursing Service Committee of the AARN.

Visitors to the home this past week included Mr. and Mrs. Findlayson, Mr. and Mrs. Paul Ost, Mrs. Judy Willard and Donald Walker and family.

Henry Davidson enjoyed an outing one day last week with Mr. and Mrs. Findlayson.

Mrs. Cora Piehl spent an enjoyable afternoon with Mr. and Mrs. Ross Clark this past week and was a supper guest.

Mrs. Jean L. Green, accompanied by her sister Mrs. Grace Hanson visited Claresholm last Saturday.

Miss Lorraine Smith, practical nurse, is a patient in the local hospital.

\$40,000 Bulk Fertilizer Plant Planned For Vulcan

Building of a new bulk fertilizer plant at Vulcan was announced this week by Noble Blade Sales and Service.

Construction of two 70-ton bulk tanks, a 250-ton warehouse and a new sales office will start immediately on a site directly east of the CPR station. A mixing plant on the same site is scheduled to be completed next spring. Cost of the new facilities is estimated to be about \$40,000.

The new bulk plant at Vulcan will replace the Cominco (Elephant Brand) fertilizer agency which has been handled by Jesse Farm Equipment Ltd., which is going out of the fertilizer line.

The Noble Blade sales office will move from its present location to the new plant when construction of the new office is completed. At the same time, Noble is relinquishing its dealership for the Versatile line of farm equipment but will continue to sell Noble Blades and its other lines of equipment, with Dave Lebsack continuing as manager of the combined operation. Custom fertilizing will also be carried out from the new plant, with the new facilities allowing

CEMENT WORK. Part of the town cement program for 1967 included rebuilding one of the main streets shown above. In this project the height of the sidewalk was adjusted to eliminate the awkward cement wall which ran along the curb for years.

Band Begins

With the harvest nearing completion members of the Vulcan County Band will be once again turning some of their spare time to their instruments and rehearsals begin next Wednesday, Oct. 5, at Hazel Cameron Elementary School.

Art Dee will be back as conductor and has already held organization meetings with the beginner and junior groups. A demonstration of instruments was given two weeks ago and last week youngsters were enrolled and the serious business of learning to play an instrument began. Parents still wishing to have their children take part in this musical training may still do so by contacting Peter Pickersgill, and any adults interested in joining the band are invited to attend the coming rehearsal next week.

ROBERTA JOAN KANDT, daughter of Mr. and Mrs. Bert Kandt of Vulcan recently graduated from the North York Branson School of Nursing, Toronto. After a brief vacation at home and with her sister in California, she will be on staff at the Branson Hospital. Before continuing her studies she plans to work and spend several months abroad.

NO CONTEST

Two fishermen sitting on a bridge, their lines in the water below, made a bet as to who would catch the first fish. One got a bite and got so excited that he fell off the bridge.

"Oh well," said the other, "if you're going to dive for them, the bet's off."

Dear Homemakers,

IS A SALE A BARGAIN?

Fall is a time of sales whether they be summer ending, pre-school, or winter beginning. On seeing the word "sale" or "special," we immediately think it will be a bargain. Don't be confused or taken in by lead words such as those that seem synonymous but in reality aren't.

The advertising people have a language of their own which may seem confusing to the average person.

ADVERTISING TALK

Regular—when the word regular appears before a price (regular \$3.95), this means that the store normally sells the item in its regular stock for that price. Now it is marked down for sale.

Value—means that the item was bought specifically for the sale and the value set by the retailer. It has never been in the store's general stock.

Manufacturer's Close-out—things like left-overs, unwanted samples, discontinued and soiled items will be sold at a reduced price. The expensive and the less-expensive will be sold at a reduced rate. The expensive and the less-expensive will be sold; therefore, it is extremely important that you are able to distinguish the quality.

Irregular—the word irregular indicates a small deviation from Government standards. One of the best irregular buys is hosiery, as there must be much accuracy involved in the knitting, weaving, and sizing process. There is no need to be afraid of this as the irregularity is so small one will never notice.

1966-FALL FASHION TRENDS

1. Architectural Influence—seams and structure assume new importance. Top stitching and welt seams create further emphasis.

2. Lavish Color—colors are vibrant, clear and bright. Burgundy and Orange-red are the leaders of the red family. Blue tinged greens, browns, neutrals are popular.

3. The Naval Tour—steward's jackets, officer's brass buttons, sea going jackets in Navy and White. Navy, Red and White show the influence in trousers, suits, separates and dresses.

4. Imports—replacing the suit this year is the jacket dress. These show architectural construction, dramatic combinations of light and

dark, square neckline, and smocking.

5. Fabrics—Double faced for reversible garments;

—textured yarns in terrylene, arnel and acetate;

—co-ordination in fabrics;

—gaily patterned stretch fabrics;

—100% Antron double knits;

—plush fabrics in casual and sports wear;

—fake furs and pelt look in fabrics;

—new vinyls—Glitter Fabrics—Flat look in texture.

I am in the Strathmore District Agriculturist's office every Friday. If you have any questions or problems, please feel free to contact me at 382-3152. If possible, phone before coming in because I may be out in the area on calls.

Get well wishes go to Boyden Ingraham, Ed Arnold, Hank Anderson, who are patients in the Vulcan Hospital.

Congratulations to Rev. and Mrs. Lutes on the birth of a son Stephen James at the Holy Cross Hospital.

Mrs. Board and Mrs. Dare from Calgary visited with Mr. and Mrs. Tom Board on Sunday.

Mr. and Mrs. Harry Pobst from Spokane, Wash., visited at the home of Mr. and Mrs. Arnold Pobst.

Gerald Arney returned this week from his second year at Olds School of Agriculture.

Mr. and Mrs. Alex Fletcher of Victoria visited at the Ward farms over the weekend.

Congratulations to Sam Burger who has been awarded a five hundred dollar scholarship to help him to further his education.

The Youth Group from the Gospel Church and several other young people from the district attended the Leighton Ford Crusade on Friday night. Several people journeyed to Calgary Sunday to attend the crusade.

An interesting visitor in our district was Mrs. Pat Rowley of New Zealand. She spent several days in Alberta planning a tour for 35 farm women of New Zealand who are coming to Canada in May of next year. The women will be guests of FWUA members in various sections of our province.

While in Arrowwood Mrs. Rowley was the guest of Mr. and Mrs. Milt Ward. She was keenly interested in our farming methods. On their farm of 4000 acres they run 3500 head of sheep and 150 Hereford cattle. Mrs. Rowley plans to visit every province of Canada to arrange the whole itinerary for the New Zealand women.

Emergency Instructions For Big Game Hunters Listed

1. Tell someone where you are going and when you will return. Do this every time, even if you are entering a familiar area for only a short visit.

2. Always carry a knife or axe and matches with you. The knife should be a hunting knife with a

strong blade, a large clasp knife, or an army pattern jackknife. Best of all is a small axe or hatchet with a blade guard. Matches should be carried in a water-proof container that has been thoroughly sealed for use only in an emergency.

3. Carry food with you on longer trips. If you value your life, and are entering the woods for any period, you should bring a tiny "survival" food pack of high calorie food. See below (8).

4. Compass and Maps. These are necessary if the area is unfamiliar.

5. Medical Kit. Make up your own containing antiseptic ointment, bandage or gauze, insect repellent and adhesive tape. Make it a habit to carry this with you.

6. If you do become lost stay "put." If you are not sure of the way out, stay there. If you are familiar with the area and decide you must move, leave a message telling of your intentions, route, etc., and mark your trail as you go.

7. Once you have decided to stay put, study your surroundings carefully. Consider these points: (a) food availability (b) water (c) fuel (d) drainage (e) natural protection (f) freedom from natural hazards (g) ease of travel in the area (h) communicating or signaling. If your wood supply permits keep a fire going, but if not, have one ready to light instantly at all times.

8. How to make your own emergency survival kit: Pack two empty sardine cans with the following contents, then place them face to face and apply waterproof tape around the joint. This makes a very small package with plenty of nutrition to keep you alive for many days. Also, the tins can be used as cooking utensils.— Pack: Hard Candles, package raisins, package peanuts, 2 packages salt, assorted fish hooks, razor blades, 2 darning needles, package soup mix, 4 sugar cubes, fishing line, 2 safety pins, 2 tea bags, 2 oxcubes, vitamin C tablets.

RECOMMENDED

It's cheaper, easier and less frustrating to fertilize stubble and pasture and hay fields in the fall. You can even fall fertilize with a few inches of snow on the ground.

One of the big advantages of fall fertilization is that fertilizer orders often receive off-car reductions or cash discounts. Normal discounts depend on the time of the year, running from over 5% to less than 2%. Of course, if you buy bulk from a fertilizer plant, etc., there may be an even bigger reduction.

Fall fertilization usually eliminates the hazard of getting equipment stuck in the field and avoids the possibility of leaving ruts in the pasture or hay land.

In the spring when the right conditions for seeding finally occur, it is frustrating and hard work to have to load the seed box attachment with fertilizers. Also it takes valuable time. There is little doubt that fall fertilization spreads the work load evenly between the seasons.

The current recommendations for fall fertilizing stubble to be seeded next year are to broadcast about 100 lbs. of 33-5-0-0. Any combination of nitrogen which will supply about 20-30 lbs. of actual nitrogen will do the job. You can use a soil test to indicate whether to apply more or less than the recommended amount. It appears that most soils which have produced a good crop this year will require the full 100 lbs. of 33-5-0-0. Then in the spring the remainder of the nitrogen required and the phosphate can be drilled in with the seed. Probably 11-48-0 will fill the recommendations with regard to phosphate.

If you are in the brown soil zone, there is less advantage in fall broadcasting on stubble. It would be very wise to have your soil tested now. The advantage of fertilizing pasture and hay is

No nagging backache!

She used to be bothered by backaches and tired feeling. When she learned that irritation of the bladder and urinary tract can result in backache and tired feeling, she took Dodd's Kidney Pills. Smart girl. Dodd's Pills stimulate the kidneys to help relieve the condition causing the backache and tired feeling. Soon she felt better rested better. If you are bothered by backache, Dodd's Kidney Pills may help you, too. You can depend on Dodd's.

DISTRICT NEWS

FROM OUR CORRESPONDENTS

CHAMPION

Mrs. George Heather and her sister visited their family and friends in the district this week.

Young people's group from the Evangelical Church met at the home of Mr. and Mrs. Elmer Deal on Friday evening Sept. 23rd.

Recent guests at the home of Mr. and Mrs. Donald Steeves were Stanley Steeves from New Brunswick, Mr. and Mrs. Winn and their six children from Calgary and Mr. and Mrs. Dick Steeves from Bashaw, Alberta. Walter Steeves from Meeting Creek is helping out in harvest at the Donald Steeves farm.

Mr. and Mrs. Karl Schauermaun went back to Asia after their recent visit here with the former's father and relatives and friends.

L.D.S. MEETING

The new season 1966-67 for M.L.A. activities is now in progress in the Champion Ward of the Church of Jesus Christ of Latter-day Saints. Several interesting events concluded the 1965-66 season.

Two inspiring Firesides were held. Dixie Jackson reported her labors as a Missionary in France with Karen Bateman in charge of the evening. Richard Smith showed his slides of Sweden and other interesting places in Europe. He conducted a question and answer period on Sweden, its culture, economic and political position to a large and enthusiastic group.

The annual Honor Banquet for the Girls Program was held.

Seventy guests enjoyed a delicious turkey dinner at beautifully decorated tables. Margery Bateman was the M.C. Fay Findlay paid tribute to the parents and Lola Findlay responded.

Each class conducted its achievement ceremony. Margaret Seebeck presented Worker Bee Awards to Lorne Glowa, Joy Griffin, Mary Kay McLean, Linda Pitcher. Margaret Smith awarded the Honor Bee Award and pin to Marjorie Carlson and the 2 Beehive classes presented the Hive Building Ceremony. Rhonda Minty with Mia

BOAT RACE. "International Cadet" class yachts, all manned by boys and girls between the ages of ten and 16, follow in line, with little breeze to help them, during

a race on the River Thames at Surbiton, on the outskirts of London. The boys and girls are all members of the Thames Sailing Club, at Surbiton, which each

year attracts more and more people who are interested in sailing, and a gratifyingly high number of young people.

girls and fellow workers. Beautiful displays depicting the girls program and work done by individual classes were attractively arranged around the Cultural Hall.

Other guests included Glenna Fowler and her daughter Judy of Calgary.

C.W.L. MEETING

The September meeting was held at the home of Mrs. Ruth Passolli with Father MacCallum and 11 members present. Father MacCallum opened with League prayer.

After the minutes and other regular reports Father MacCallum

gave an interesting talk on "Liturgical Renewal of the Church."

Correspondence was read and dealt with, after which discussion took place on the Dedication and Confirmation which will be held at 7:00 p.m. Thursday, Oct. 20th.

It was decided to hold the annual Rummage and Bake sale at 3:00 p.m., Saturday Oct. 8, with coffee and donuts. Conveners were decided on.

Mrs. Joyce Fath adjourned the meeting and Mrs. Hummel won the prize.

Lomond News

LOMOND

Mrs. Mary Frost and her nephew Eldon Maronda were both hospitalized following an accident near High River on Tuesday, Sept. 20th when the truck in which they were riding was completely demolished. Mrs. Frost is in hospital at High River and Eldon in the General Hospital at Calgary. Both are doing well as can be expected. Their many friends near and far send best wishes for a speedy recovery.

Robert Chase of Woodstock, New Brunswick, left last Monday to return home after spending several weeks visiting with his grandmother, aunts, uncles and cousins in Lomond and Vulcan.

The Lomond Baseball Team won the League playoff final on Sunday, Sept. 25th by defeating Rolling Hills in a double header played at Lomond. First game score was 14-5 for Lomond with Pete Degenstein pitching for Lomond. Second game, Tim Ost was on the mound for Lomond and posted a 4-3 win over their competition to wind up baseball for this year. Congratulations to the Lomond Baseball Team and manager Len Huff.

Another last year graduation student Bobbie Jones of Lomond is attending Junior College at Lethbridge. Bob is majoring in Math and also training for a Commercial Pilot. Having received an A medical he commenced his flying lessons on Tuesday of this week.

Peter Elliott of Lomond who also graduated from Grade 12 last year left last week for Olds to take up studies there.

Larry Helland is attending Mount Royal in Calgary this year.

Best wishes for a speedy recovery are extended to Mrs. Roy Stephenson, who is a patient in the Foothills Hospital.

Mrs. Evelyn Elliott, Jackie and Peter motored to Olds and Calgary last week, Peter remaining in Olds and Jackie at Calgary. Evelyn returned home on Friday.

Miss Mary Hodgson having recently graduated from the Galt

School of Nursing at Lethbridge, is spending a well earned holiday at the home of her parents, Mr. and Mrs. Harvey Hodgson.

Among those from Lomond attending the Broere-Pearson wedding in Vulcan on Saturday, Sept. 24th were David Sande, Mrs. Johnny Gray, Mrs. Edith Nielson, Mrs. Oliver Hart and Leonard Chase.

Mrs. Eileen Donily and family of Vermilion are visiting at the home of Eileen's father, Vern Williams, her mother still being a patient in the Calgary General Hospital.

Friends will be pleased to learn that Mrs. Earl Holland is recuperating at home following surgery recently at the Holy Cross Hospital in Calgary. Her many friends extend her best wishes and hope for a complete recovery soon.

Miss Alta Hodgson is now employed at Lethbridge.

Best wishes for a speedy recovery are extended to Mrs. Bob Ensign, a patient in the hospital at Carmangay.

Mr. and Mrs. L. Chase were Vulcan visitors on Sunday of last week.

VULCAN WEST

Fred Andrews of Edmonton visited at his home last week and helped with harvesting.

Kathy Atkinson spent the weekend with Ellen Watson in town.

Miss Debbie McCormack of Carleton Place spent last week in the Vulcan Hospital. She is a niece of Mrs. Gerry Foster.

Leo Spanke was a visitor at the home of his sister Mrs. Mary Smith of Black Diamond last Wednesday.

Mr. and Mrs. Hugh Matthews and two children of Red Deer spent the weekend with the latter's sister and brother-in-law Mr. and Mrs. Bobbie Loose.

Mr. and Mrs. Lloyd Iskew of Hinton are spending a couple of weeks at the Bruce White home.

Mrs. Martha Eresman of Arrowwood accompanied by Mrs. Gerry Foster were Lethbridge visitors last Thursday.

Wants World Fluoridation

An international dental research meeting heard a plea for new emphasis on public education on community water fluoridation in order to extend the measure throughout the world.

"It is imperative that governments, scientific bodies, and the health profession intensify their campaigns of information in order to strengthen the support of fluoridation and to make the people aware of the benefits they would receive," Prof. Arvid Syrrist told the International Symposium on Dental Caries and its Prevention, held in Prague, Czechoslovakia.

Discounting objections to fluoridation, Prof. Syrrist of Sweden's Royal Dental School said: "All water contains fluoride. The question is whether we are to drink water with more of it or less."

He compared controlled fluoridation with "various other measures which have been introduced to safeguard public health and hygiene, such as chlorination and other chemical treatment of drinking water, fortification of margarine with vitamins, and the addition of various nutrients to flour."

The conference was told that the United States leads the world in number of communities with controlled fluoridation, followed by Canada. In Europe, the Netherlands leads with 15 communities

fluoridated and 25 projects planned. Czechoslovakia, the site of the symposium, has an officially approved fluoridation program for 13 cities.

Lionettes Plan Senior Citizens Annual Banquet

The regular monthly supper meeting of the Lionette Club was held Sept. 26 in the basement of the Catholic Church.

Two new members, Vicki McNiven and Marcella Steiner, were installed by Lionette Bea Richardson.

Plans were made for the annual Senior Citizen night to be held Oct. 26th in the Lodge hall at 6:00 p.m.

It was decided to have tickets available at J. L. Findlay's office, Mitchell's Pharmacy and the Betty Ann Shoppe.

A motion was passed that the club would no longer be responsible for transportation of Senior citizens outside of Vulcan.

Grace Dahl and Laura Houlton offered to take phone calls for anyone wishing transportation in town.

The program for the evening consisted of a very interesting and informative talk given by Miss Frances Cullen, the new District Home Economist.

Son: "How did you and Mom first get acquainted?"
Dad: "None of your business—but it sure cured me of whistling."

Need a Grain Bin?

Here's food for thought . . .

WOODEN PORTABLE BINS BUILT BY PEERLESS WOOD HAVE SPECIAL ADVANTAGES OVER STEEL BINS.

- 1) They are portable. You can move them wherever you wish. If you don't want to farm for the rest of your life, a portable bin can be sold to anyone, anywhere. Steel bins, concrete base, stay with the farm.
- 2) Damp concrete floors often cause grain spoilage. Wood floors, with air space beneath, keep grain dry. The grain you save over a few years can pay the cost of a Peerless bin.

REMEMBER!

Buying a grain bin is like buying a bigger wallet to put your money in. Be glad you need it!

Springtime Or Fall — Check Fertilizers Before Making Purchase

The Alberta Soils Advisory Committee strongly advises farmers to check the relative costs of nutrients present in fertilizer formulations before buying any kind of fertilizer.

Several new fertilizer products accompanied by misleading claims have recently appeared on the market. Among these are liquid fertilizers to be used on seed, drilled in with the seed or sprayed on the crops, they say.

Tests to date in Alberta have shown that treatment of seed with fertilizer solutions is ineffective in promoting profitable increases in coarse grain yields. A field trial conducted at the Lacombe Experimental farm last year showed that

liquid fertilizer and 11-48-0 both increased barley yields by 8 bushels per acre but the liquid fertilizer cost more than five times as much as the dry product. Drill-in and spray-on liquid fertilizer applications used in the Edmonton and Lethbridge areas have also proved a very expensive way of applying nitrogen, phosphate and potash to common farm crops.

Other fertilizers being promoted by some commercial companies are claimed to have superior value because of the presence of minor ele-

ments or because they have some important effects on soil structure or moisture holding properties. The Alberta Soils Advisory Committee is not yet recommending the use of any specific minor element ex-

OUT TO SEA. "Trick at the wheel" for sail trainee Mark Porter as Britain's new sail training schooner Sir Winston Churchill leaves the north-east port of Hull for her sea trials and maiden voyage. Mark is one of the 36 youngsters taking part in the ship's first cruise to Cherbourg, who will sail the ship under the direction of the captain and a regular crew of six experienced sailors.

The ship was built at Hesse, Hull, by Camper, Nicholson, Ltd., and designed especially for the purpose of giving sail training to young people at sea. Her owners are Britain's Sail Training Association—founders of the "Tall Ship" races—who plan to make 15 two-cruises and one three-week cruise each year to give about 600 youngsters a taste, sometimes their first, of the sea—and adventure.

Miss Anne Pederson, eldest daughter to Mr. and Mrs. Kjeld Pederson will be attending school at Outlook, Sask. Anne will be in Grade 10 this year.

Mr. and Mrs. Pete Ruppert, Marie and Billie, Joanne Teasdale and Robert Chase were visitors in Vulcan on Sunday.

HOME AND SCHOOL ASSOCIATION

The Lomond Home and School Association held their first meeting of the season on Wednesday evening, Sept. 14, with approximately 30 persons in attendance. The new president Mrs. Fred Crawford was in the chair extended a warm welcome to the teachers and parents.

Mrs. Ethel Bolduc on behalf of the Lomond Club presented Mrs. Russell McLeod with the scholarship, won by her son Clinton, a grade 12 student last year and now attending University at Calgary.

The principal Mr. Liebrich explained the High School Curriculum and the credits each teacher would be carrying for the coming term. He also congratulated the grade nine students who passed with honors, Miss Patricia Lindstedt, daughter of Mr. and Mrs. Ralph Lindstedt and Casey Spier (parents Mr. and Mrs. Bill Brotherhood). At time of the meeting it was not known which student would have the highest mark but both deserve a lot of praise.

Mr. Liebrich then introduced the teachers to the parents. A treasurer is needed to fill the executive for the home and school state of officers for the year. Mr. A. Weins, program convenor then had the parents stand and introduce themselves and give the names of their children and the grades they are in to the teachers; in order to get acquainted better with the new teachers. A lunch and social get acquainted period concluded this meeting.

BIRTHDAY CLUB

The September meeting of the Birthday Club was held at the home of Mrs. Isabelle Volesky on Sept. 14th. In the absence of the secretary, Mrs. Nancy Lomas offered to act in her place. Since it was September all members agreed a very appropriate opening song would be School Days. Roll call was answered by suggestions for future roll calls. The one chosen for October was an "interesting experience," either from a vacation or memories of childhood. There were 12 members and 4 visitors in attendance.

A thank-you gift was voted to be given to the club caterer Mrs. Mary Zuba for her faithful assistance at Jim Foreman's sale. Mrs. Lomas reported she had been con-

tacted to ask the club for suggestions for topics of interest for the Agricultural Short Course. The honored birthday members for September were Mrs. Isabelle Volesky, and Mrs. Kaye Williamson.

The raffle was won by a small attendant, Miss Lavonne Volesky. The meeting closed with singing, My Wild Irish Rose. Mrs. Andy Stanko presented an interesting contest for the afternoon's entertainment with two guests tying for top honors. In the ensuing number guess, Mrs. Andrew McAllister came out the winner. Mrs. Anton Volesky is to have the October meeting. A delicious lunch conducted a pleasant afternoon.

CARMANGAY

Sympathy is extended to Mr. and Mrs. Ted West of Ponoka on the loss of their young son last week.

Mr. and Mrs. Glen Green of Pasadena, Calif. visited with his cousin Mrs. Rose Ensign recently. Mr. and Mrs. Lyle Wickenburg of Kelowna, B.C., were visitors during the week at the home of the latter's sister and family, Mr. and Mrs. K. Nelson.

Miss Connie Nelson of Calgary was a guest of her parents, Mr. and Mrs. K. Nelson for a week. Mr. and Mrs. Syd Thompson accompanied their daughter Mrs. Joy Bentley on a motor trip

Big Game Hunting a Prized Inheritance

Big game, under modern conditions in North America, is something to be valued highly, as is all wildlife, and the Canadian people have taken to heart the lesson of game depletion and extinction. Great changes have followed Canadian settlement.

A striking example is the loss of the meat of a game animal. However, ample conservation, with utilization for sport of any excess game population, has become a national policy for wildlife in Canada, and the Provinces and the Dominion work closely hand in hand to give this policy effect. This feeling of "trusteeship" towards wildlife by Canadians indicates their sense of responsibility in guarding their heritage in game for those who thrill to the call of outdoor life and the chase, and who will prize it as it should be prized. Every hunter knows that over-hunted areas produce poor trophies. Modern conservation frowns upon the waste

of the meat of a game animal, and the true sportsman will waste nothing by careless shooting or loss of the meat of game.

Game refuges store a supply for use just as storage dams hold potential water power. Years ago the Dominion Government and the Provincial Governments withdrew from settlement thousands of square miles of the finest game territory in Canada and this is held as sanctuary in various kinds of national and provincial parks and forests. Game reserves in Canada are measured by thousands of square miles, not by thousands of acres.

In a very short time the hunting season will open again for another year, and this seems an opportune time to remind all hunters of their responsibilities while they are enjoying this popular sport. Of utmost importance is care... with firearms, and with FIRE! Remember the ever-present threat of forest fire, and practise extreme caution at all times. Do not spoil for others the pleasures you enjoy, by leaving in your wake a blackened wilderness.

Ride the Pontiac winning streak!

Introducing the adventurous new Pontiacs for 1967!

Grande Parisienne Sport Coupe with optional vinyl top

The biggest car news for 1967 comes from Pontiac. Canada's perennial Success Car gets away to yet another flying start with new styling, new models, new interiors, new safety features and new glamor options. Grande Parisienne, Parisienne, Laurentian and Strato-Chief series all have completely new

styling. Bowing in is a brand-new series called 2+2. It's the last word in full-size adventure cars. Whatever you want most from your new car in 1967—luxury, high style, performance or practicality—you'll get it from one of Pontiac's 52 new models. Pontiac is for today's kind of people. People like you!

Parisienne 2+2 Sport Coupe

While safety is an intrinsic part of everything engineered into Pontiac, we'd like to list here some of the more notable standard safety features in every '67 Pontiac: Four way hazard warning flasher; dual master cylinder brake system with warning light; seat belts—front and rear with push-button buckles; GM-developed energy-absorbing steering column; passenger-guard door locks—all doors; inside day/night

mirror with shatter-resistant vinyl-edged glass and breakaway support; lane-change feature incorporated in directional signal control; energy-absorbing instrument panel with smooth-contoured knobs and levers.

Armada News

Best wishes for a speedy recovery are extended to the following persons who all suffered painful accidents. To Charlie Lund of Carmangay, formerly of this district who caught his hand in a loader while helping with the harvest; to Mrs. Williams of Lomond who fell and fractured her legs; to Mrs. Frost and Eldon Maronda who were involved in an accident at High River on their way home from Calgary with a load of groceries. Their many friends hope

they will recover soon and be home again.

Garry Marks is residing in Calgary where he is employed at a garage on the Blackfoot Trail. He spent the weekend with his parents, Mr. and Mrs. Stan Marks.

Charlean and Sheila Lucas have gone to Calgary to further their education. Charlean is taking her second year at the Tech in the field of Cooking. Sheila has enrolled at Jacobsen's Beauty Salon and is also taking her intermediate course and seamstress course at Elma's.

The difference in stumbling blocks and stepping stones is the way you use them.

Miss Myrna Marks is staying with her grandparents, Mr. and Mrs.

E. Anderson of Milo and taking her grade twelve at the Milo High School.

Mr. and Mrs. Charlie Stokes of Calgary spent the weekend visiting relatives in the district.

Art Marks motored to Lethbridge last Sunday to pick up repairs for his combine.

Jim Lageyte of Calgary spent the weekend at the home of Mr. and Mrs. G. Stokes and took in some hunting while in the district.

Mrs. Rene Chambers and boys visited relatives in High River on Friday.

Mrs. Dorothy Henrickson, Mrs. Audrey Lucas, Dorothy and Allan, and Mrs. Jennie Grant attended the Horse Races in Lethbridge on Friday.

Mr. and Mrs. I. Magnuson arrived home from their visit with relatives in Norway.

Mr. and Mrs. Calvin Dickout and boys visited relatives in Strathmore recently.

Mr. and Mrs. S. Chambers accompanied by Mrs. Grace Marks motored to Calgary last week.

Mr. and Mrs. Ross Grenier and family spent the weekend in Calgary.

Stan Marks spent most of the week in Lethbridge where he entered his horse Musing Spy in the race meet. Congratulations, Stan on your wins. Musing Spy won one first and two seconds.

Those attending the Lethbridge horse races on Saturday included Mr. and Mrs. Alvin Hendricks, Mrs. Betty Stokes, Mrs. Ann Marks and family, Mr. and Mrs. Stan Marks and family, Miss Myrna Marks and John Orsten of Enchant.

Mr. and Mrs. S. Chambers and Mr. and Mrs. Ronnie Chmabers and son were Lethbridge visitors on Monday.

Mr. and Mrs. C. Dickout and family motored to Lethbridge on Saturday.

WAITING FOR SPRING 1967.

This fashionable Miss is ahead of her time—in a Spring '67 Courtelle dress designed by Tony Armstrong.

Known as "Fryma Woodpecker," the novelty warp-knitted all-Courtelle fabric is as soft and comfortable as wool with a texture reminiscent of lace. It is light, uncrushable and can be washed.

The British firm Fryma Fabrics Limited was displaying this dress in its range of 1967 fashions at the International Textile Exhibition, Frankfurt this summer.

The newspaper is convenient; it may be consulted at a time most convenient to every member of the family.

DINTON

W.I. MEETING

Eight members of the Dinton WI met at the hall Sept. 21st. Motto of the month: "Adopt the pace of nature, her escort is patience." Roll call was answered with used adult clothing.

The representatives' meeting will be held Oct. 15 at the Co-op store, Macleod Trail.

Centennial Committees were appointed with Mrs. H. P. Tressider and Mrs. H. McWilliam to order trees and Mrs. S. N. Gillanders to see about name for the hall.

Committee for Oct. 22 bingo. Mrs. Alvin Montgomery and Mrs. H. P. Tressider. Lunch, Mrs. S. N. Gillanders and Mrs. C. Laycraft. Coffee, pie and pop will be available.

A pot luck lunch was served following the meeting. Next meeting will be at the home of Florence Cannon, High River.

Ladies—the time is coming for you to have a night out on the town, an evening of fun and facts combined in such a way that you can't help but enjoy yourselves. If the man of the house wants to join you he is more than welcome.

The Candlelight Circle of the Vulcan Church of Christ is sponsoring "Parade of Fashions" — a fashion show featuring models from the Vulcan area. They will wear garments that have been laundered correctly and incorrectly according to the laundry recipes which will be given to each of you.

The time for you to be at the Hazel Cameron Elementary School Auditorium, Vulcan, is 8:00 p.m. on Thursday, Oct. 13.

Two members of the Home Service Department of Calgary Power will be there to meet you. Betty Purves, Home Service Director, and Jeanne Sokoluk, Home Economist, will comment on the laundry recipes and Fashion Show and Ray Davidson, well known popular singer, will present his song stylings.

All proceeds will be used for church projects. —adv.
